

Google Drive Permission Form

Dear CAOS Parents,

During the COVID school closure, CAOS staff created the CAOS Google Drive to be an online location where parents and staff could collaborate, share materials and updates with one another. Each parent was asked to give permission for the creation of a folder for their child. Once permission was granted, access to that folder was shared with the child's team (i.e., parents, deaf educator, and therapists). Each member of the team could read information, add their own updates and provide input into goal selection. In the past, we have used a folder on Carle's shared drive which can be accessed by all staff members while logged into their Carle computer. The Google drive allows us to extend access to families as well.

We found that this worked really well for children who are deaf or hard of hearing last semester and we are interested in exploring how it might work for our typically hearing students this fall. Please read and sign below to grant permission for us to create a Google folder for your child. If you choose to opt out of the CAOS Google drive, you will still receive information via email/your child's folder as needed. If you have questions, please contact Danielle.

Thank you for your time and collaboration!

Child's Name:

I understand that a folder for my child will be created and added to the CAOS Google drive, that the CAOS Google drive will contain information about my child's academic test scores, month at a glance sheets, potentially journal assignments and that my child's team will be invited to read and edit the documents in my child's folder. Further, I understand that the Google drive is outside Carle's encrypted network, but is protected by Google's security measures and each user needs to be invited to collaborate by CAOS staff.

Please carefully read the statements below, mark that statement that represents your decision about the CAOS Google drive for the coming school year.

Yes , I grant permission for CAOS staff to create a folder for my child on the CAOS Google drive.
